

tial part such contract is extinguished by the death of the employer.

ILLUSTRATION. — *A, an architect, has engaged the services of B as a draughtsman to work out his sketches into definite drawings and plans. A dies. There are no more sketches to work out. The contract between A and B is extinguished.*

558. — On determination or extinction of the contract, the employee is entitled to a certificate as to the length and nature of his services.

559. — If the employee has been brought from elsewhere at the expense of the employer, the employer is bound, on determination or extinction of the contract, to pay the cost of the return journey, provided that:

1) The contract has not been determined or extinguished by reason of the act or fault of the employee, and

2) The employee returns within a reasonable time to the place from which he has been brought.

TITLE VI. HIRE OF WORK.

560. — A contract of hire of work is a contract whereby a person, called the contractor, agrees to do a definite

tial part such contract is extinguished by the death of the employer.

ILLUSTRATION.—*A, an architect, has engaged the services of B as a draughtsman to work out his sketches into definite drawings and plans. A dies. There are no more sketches to work out. The contract between A and B is extinguished.*

558.—On determination or extinction of the contract, the employee is entitled to a certificate as to the length and nature of his services.

559.—If the employee has been brought from elsewhere at the expense of the employer, the employer is bound, on determination or extinction of the contract, to pay the cost of the return journey, provided that:

1) The contract has not been determined or extinguished by reason of the act or fault of the employee, and

2) The employee returns within a reasonable time to the place from which he has been brought.

TITLE VI.

HIRE OF WORK.

560.—A contract of hire of work is a contract whereby a person, called the contractor, agrees to do a definite

work for another person, called hirer of work, and the hirer of work agrees to pay him for the result of the work a remuneration, called the price.

561. — Tools or instruments which are necessary for the execution of the work shall be supplied by the contractor.

562. — If the materials for the work are to be supplied by the contractor, the contractor shall supply materials of good quality.

563. — If the materials are to be supplied by the hirer of work, the contractor shall use them carefully and without waste. He shall return the surplus, if any, after the work is completed.

564. — If during the execution of the work it becomes apparent that the ground selected by the hirer of work or the materials supplied by him are defective or unsuited to the work, the contractor must notify the hirer of work at once, failing which he shall be liable for the defects or delay caused by the unsuitableness or defects of such ground or materials.

565. — The contractor is bound to allow the hirer of work or his agents to inspect the work during its execution.

work for another person, called hirer of work, and the hirer of work agrees to pay him for the result of the work a remuneration, called the price.

561.—Tools or instruments which are necessary for the execution of the work shall be supplied by the contractor.

562.—If the materials for the work are to be supplied by the contractor, the contractor shall supply materials of good quality.

563.—If the materials are to be supplied by the hirer of work, the contractor shall use them carefully and without waste. He shall return the surplus, if any, after the work is completed.

564.—If during the execution of the work it becomes apparent that the ground selected by the hirer of work or the materials supplied by him are defective or unsuited to the work, the contractor must notify the hirer of work at once, failing which he shall be liable for the defects or delay caused by the unsuitableness or defects of such ground or materials.

565.—The contractor is bound to allow the hirer of work or his agents to inspect the work during its execution.
